Day 2: Namib Desert.

(Total km for excursions: app. 240)

An early morning rise with a snack before leaving enables you to arrive at Sesriem, the Park's gate at around sunrise. The route leads along the Tsauchab dry riverbed, which has found a way through the dunes until it reaches the clay pan – the Sossusvlei. After a good rainy season – about every 7 to 10 years – the Tsauchab River runs in full flood and fills the Vlei with water. For months it remains here and offers a sensational scenery with a prolific birdlife.

The early morning sun offers spectacular pastel colours in the star-shaped dunes. This is the highlight for the keen photographer. Your first stop will be at Dune 45 before we continue to the Sossusvlei. Climb one of the dunes. Breakfast will be served in form of a picnic under one of the shady camel thorn trees, before you continue to the base of the 'Dead Vlei'. It is quite a walk over patches of dunes that are crossing your way. When you arrive you will be paid off for your efforts – the scenery is awesome!

We will visit the Sesriem Canyon, a 30 metre deep rift, before we return to our base Namib Naukluft Lodge and the Soft Adventure Camp for a late lunch.

During the late afternoon a sundowner-drive to the natural marble mountains on this 25,000 ha private nature reserve is included.

Meals included: Breakfast, lunch, dinner

Day 3: Namib Desert.

This morning – around 07:00 o'clock - you may participate in a guided walk in the Naukluft Mountains, which are part of the private nature reserve: NamNau Habitat. The walk takes approximately 2 hours. Upon return enjoy your full breakfast. The rest of the morning is at leisure and you may want to relax at the pool-side with a great views.

During the afternoon you will do an extensive desert drive: This is undisturbed nature! We cross the dry riverbed of the Tsondab and visit the Moringa Forest – a hidden treasure – until we get to a spot, where you can feel the solitude of the Namib: a 360° degrees view! Enjoy the scenery and return to the lodge on a scenic route, where depending on the season herds of springbok and oryx antelope can be seen.
